**All Over Bins** is a rubbish skip and bin hire company based in the Eastern suburbs, Melbourne established in 1987. We have a large range of rubbish skips and bins for hire all with prompt delivery. Not only do we have rubbish bins and rubbish skip hire, as our name suggests we go "ALL OVER" so if you are in the outer suburbs we can look after you too.

**All Over Bins** prides its self on its reputation of being not only a rubbish bin and Skip bin hire company but also as a market leader in the waste management industry. To us picking up a rubbish skip or bin also means thinking GREEN too. At our recycling plant we recycle 63% of all waste and have a target of 95% in 3 years which will align us to government targets. It's easy to think that what we do or what you do is such a small part of the big picture so why bother however most businesses and home owners are becoming more aware and want to help. The increase in general awareness of recycling and the benefits to the environment are now front of mind with people asking to do more.

**All Over Bins** offer a large range of bins, from 1.5 to 23 cubic metres.

2.5m<sup>3</sup> Bin
